Your SecurLock Equip App is Changing to Card Suite Lite
Effective October 8, 2024

Beginning on October 8, 2024, you will no longer be able to access the SecurLock Equip app. To continue managing and protecting your cards, you will need to download a new app called Card Suite Lite.

What is Card Suite Lite?
Card Suite Lite is a mobile app that allows you to control how, when, and where your debit and/or credit cards are used. It is a simple and secure way to manage and monitor your payment transaction activity. Card Suite Lite can help keep your payment cards safe and provide instant alerts whenever your card is used.

GET STARTED WITH CARD SUITE LITE

Apple QR code

Google QR code

Download Card Suite Lite by scanning the QR code with your mobile device

1 Once downloaded, open the Card Suite Lite app and log in. If you were a SecurLock Equip user, enter the username you had previously used.
Note: If your username was less than 8 characters on the SecureLock Equip app, you will need to add 1's to the end to make it 8 characters when logging into the Card Suite Lite app.
For example: Your SecurLock Equip username was john78, your new username in Card Suite Light will be john7811

2 Verify your identity by entering the one time passcode that will be sent to the email registered in your SecurLock Equip account.

3 Create your password by entering the card number of one of the cards enrolled in SecurLock Equip. Your new password should contain one upper case, one lower case, one number and one special character to continue.

4 Enter your phone number, update your name and enter the one time password that will be sent to your phone.

5 Card Suite Lite will update with your information and existing card controls. Make sure to review these by looking at transaction, merchant, location and spend limit controls.

For any additional questions, please reach out to us at 844-517-3611 and ask to be directed to the card services department
